Career Objective

Full Stack Web Developer skilled in MERN Stack (MongoDB, Express.js, React.js, Node.js) with hands-on experience in building real-world web applications. Built a complete E-Commerce website with user authentication, product management, cart system, and order features with frontend and backend integration. Currently developing a School Management System with separate dashboards for Admin, Accountant, Class Teacher, and Students using protected routes and role-based authentication. Also created responsive landing pages and modern user interfaces using React, Tailwind CSS, JavaScript, HTML, and CSS. Passionate about learning new technologies, solving problems, and building scalable web applications. Seeking an opportunity to start a professional career in software development and contribute to real-world projects.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6), React.js, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Tools & Platforms: Git, GitHub, VS Code, Postman
